PRESIDENT: Senator Carstens.

SENATOR CARSTENS: Thank you Senator, and then I would like to comment, if I may sir and this does speak to the motion. I agree with Senator Proud in his reluctance to admit this suspension of the rules. But I am also of the opinion that when we do have emergencies and in my opinion this is one, whether it relates to agriculture or whether it doesn't those emergency measures should be taken care of and I hope that he looks at these proposals a when they are made in that light. I'm sure that the body will agree with his decisions. Thank you sir.

PRESIDENT: Who was it that moved the question on the original motion? Senator Keyes? You mean shall the debate cease?

SENATOR CARPENTER: No to suspend the rules, that is what we are talking about.

PRESIDENT: Do you want the question on the original motion? Is there any objections, if not, lets take the vote. Clerk will record.

CLERK: 34 ayes, 1 nay and the remainder not voting.

PRESIDENT: The bill is now on the top of General File. That is what the motion was. Alright that is the understanding, I think that the bills that were set for today take a...a...what was the status of 973? What is the status of 973? Is that on the adgenda for today?
